PACK BR02 Connect  
+ Turntable

Complete system designed by TRIANGLE in partnership with Pro-Ject.

PACK BR03 Connect  
+ Turntable

BR03 CONNECT active speakers system with turntable, perfect for larger rooms.

# OPTIMIZED FOR TURNTABLES

MM Phono Preamplifier

The BOREA CONNECT speakers feature an integrated phono preamplifier, making it easy to connect most turntables on the market.

Rediscover the warmth, depth and unique emotions of your 33 and 45 rpm records.

Enjoy the brand-new turntable, developed in partnership with European leader Pro-ject. A well-balanced sound system, matching shades and nuances, the elegance of sound according to TRIANGLE.

# IMMERSIVE HOME THEATER

Sound quality & Easy usability

Connect your TV via an HDMI cable to your BOREA CONNECT speakers, then take advantage of the ARC / CEC technology.

Enjoy a unique audiovisual experience offering a wealth of details, with ease of use, control from your TV remote and optimized sound quality.

Arranged on each side of your screen, you will enjoy high quality stereo sound.

Qualcomm<sup>®</sup>  
aptX<sup>™</sup> HD

## BLUETOOTH 5.0 APTX LOW LATENCY

Diffusion sans-fil de haute-qualité

Play high-definition music wirelessly from your phone, tablet or computer via the latest-generation Bluetooth 5.0 APTX HD Low Latency protocol.

Lossless, with sampling rate of 24 Bits / 48KHz, digitized music remains accurate and dynamic with the utmost fidelity

# USB-B INPUT

Improving your digital experience

The digitization of our daily environment, both professional and personal, is intensifying. The addition of a USB-B port on your BOREA CONNECT speakers makes it easy to connect your computer.

Equipped with a lossless DAC\*, experience a rich, precise sound. Applications can be varied: gaming, monitoring, video playback and music in HD, FLAC, DSD or studio quality.

*\* Digital Audio Convertisseur*

# 6 RETRO-CHIC FINISHES

Colorful shades associated with natural wood

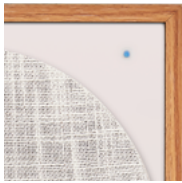

Thanks to their 6 trendy finishes, in a retro-chic spirit, the BOREA CONNECT speakers provide a delight for the ears and the eyes, boldly blending trendy colors and timeless woods.

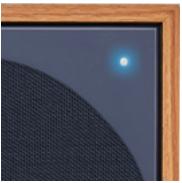

**Green**  
Between boldness & English classicism

**Oak**  
A soft and timeless finish

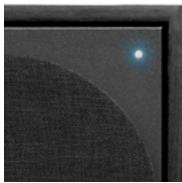

**Blue**  
Vibrant, refreshing colors

**Light Oak**  
Modernity in natural shades

**Black**  
An elegant must-have

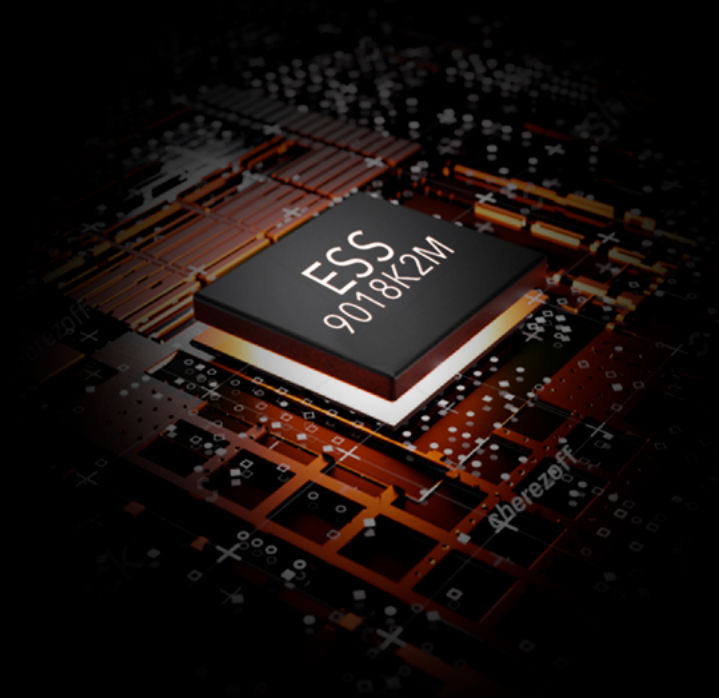

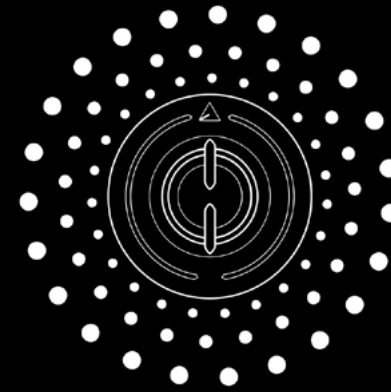

**Cream**  
A gentle note for a soothing atmosphere

# BOREA TECHNOLOGIE

The BOREA CONNECT, 40 years' experience in acoustics and the latest digital signal processing innovations.

## DAC ESS 9018K2M

*High Level conversion*

The latest-generation ESS DAC ensures meticulous digital/analog conversion with maximum PCM sampling of 384KHZ/32BIT and native DSD 256.

Qualcomm®  
aptX™ HD

Qualcomm®  
aptX™

BLUETOOTH AAC

576 kbit

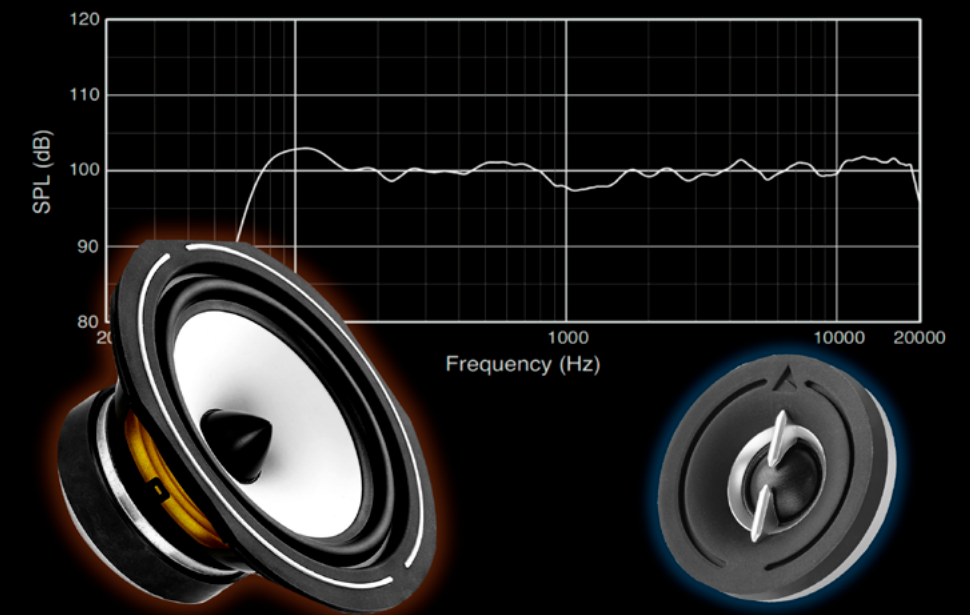

352 kbit

256 kbit

## QUALCOMM APTX HD CHIP

*High-res Bluetooth transmission*

With its 24-bit processing capacity, the Bluetooth 5.0 APTX HD module delivers an uncompromised listening experience. The lower signal-to-noise ratio, combined with reduced harmonic distortion, results in a high-definition signal.

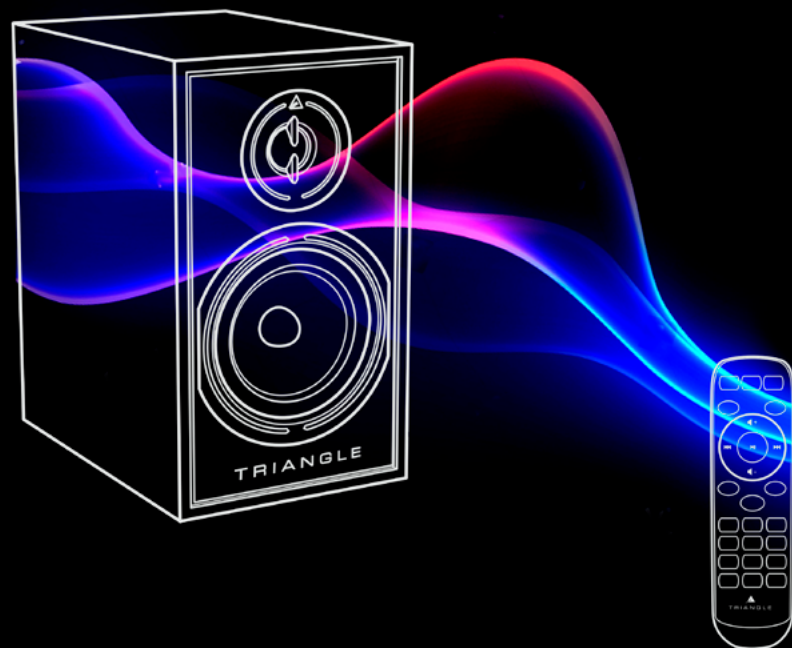

## TRIANGLE SPEAKERS

*Linear frequency response*

Designed as part of the BOREA development program, the CONNECT speakers feature a natural cellulose paper membrane driver for perfect sound neutrality, and an EFS waveguide fabric tweeter. Balanced crossover ensures homogeneous, linear reproduction across the entire sound spectrum.

### RF REMOTE CONTROL

*Control the speaker up to 15 meters away.*

Unlike infrared remote controls, radio technology ensures perfect communication with the speaker. You no longer need to be close to or in front of the speaker, you can control your music seamlessly thanks to its extremely long range.

**BR02  
CONNECT  
2 x 50 W**

**BR03  
CONNECT  
2 x 60 W**

### AMPLIFICATEUR CLASSE D

*Power & control*

Developed in correlation with the BOREA speakers, the Class D amplifier, with 2\*60 Watts RMS at 8 ohms, delivers rich, precise sound with controlled power.

## ULTRA VERSATILE

Enjoy one of the most complete Bluetooth speakers on the market.

- Wireless connection Bluetooth aptX HD
- 4 Digital inputs : TV ARC, USB-B, Coaxial, Optique
- 3 Analog inputs : Phono / RCA / Jack 3.5mm
